IMPACT CATALOG VOLUME 8

BHIDoors
BY BUILDERS HARDWARE, INC.

bhiflorida.com

Quality components
create the *total package*.

BHI Doors is a collection of best-in-class components (doors, doorglass, frames, astragals, weather seals, thresholds, locksets, and hardware) to create entry systems with enduring good looks and superior performance. The majority of our door systems are tested to the HVHZ (High Velocity Hurricane Zone) standards, the most stringent hurricane codes ANYWHERE in the United States. Most all of the BHI Door systems meet the minimum Florida Energy code.

Great craftsmanship, beautiful glass patterns, a wide range of finish and hardware options, superior construction, and energy-saving features all come together in a wide range of entry systems that enhance the value of your home and add beauty to everyday living.

BHIDoors *Commitment*

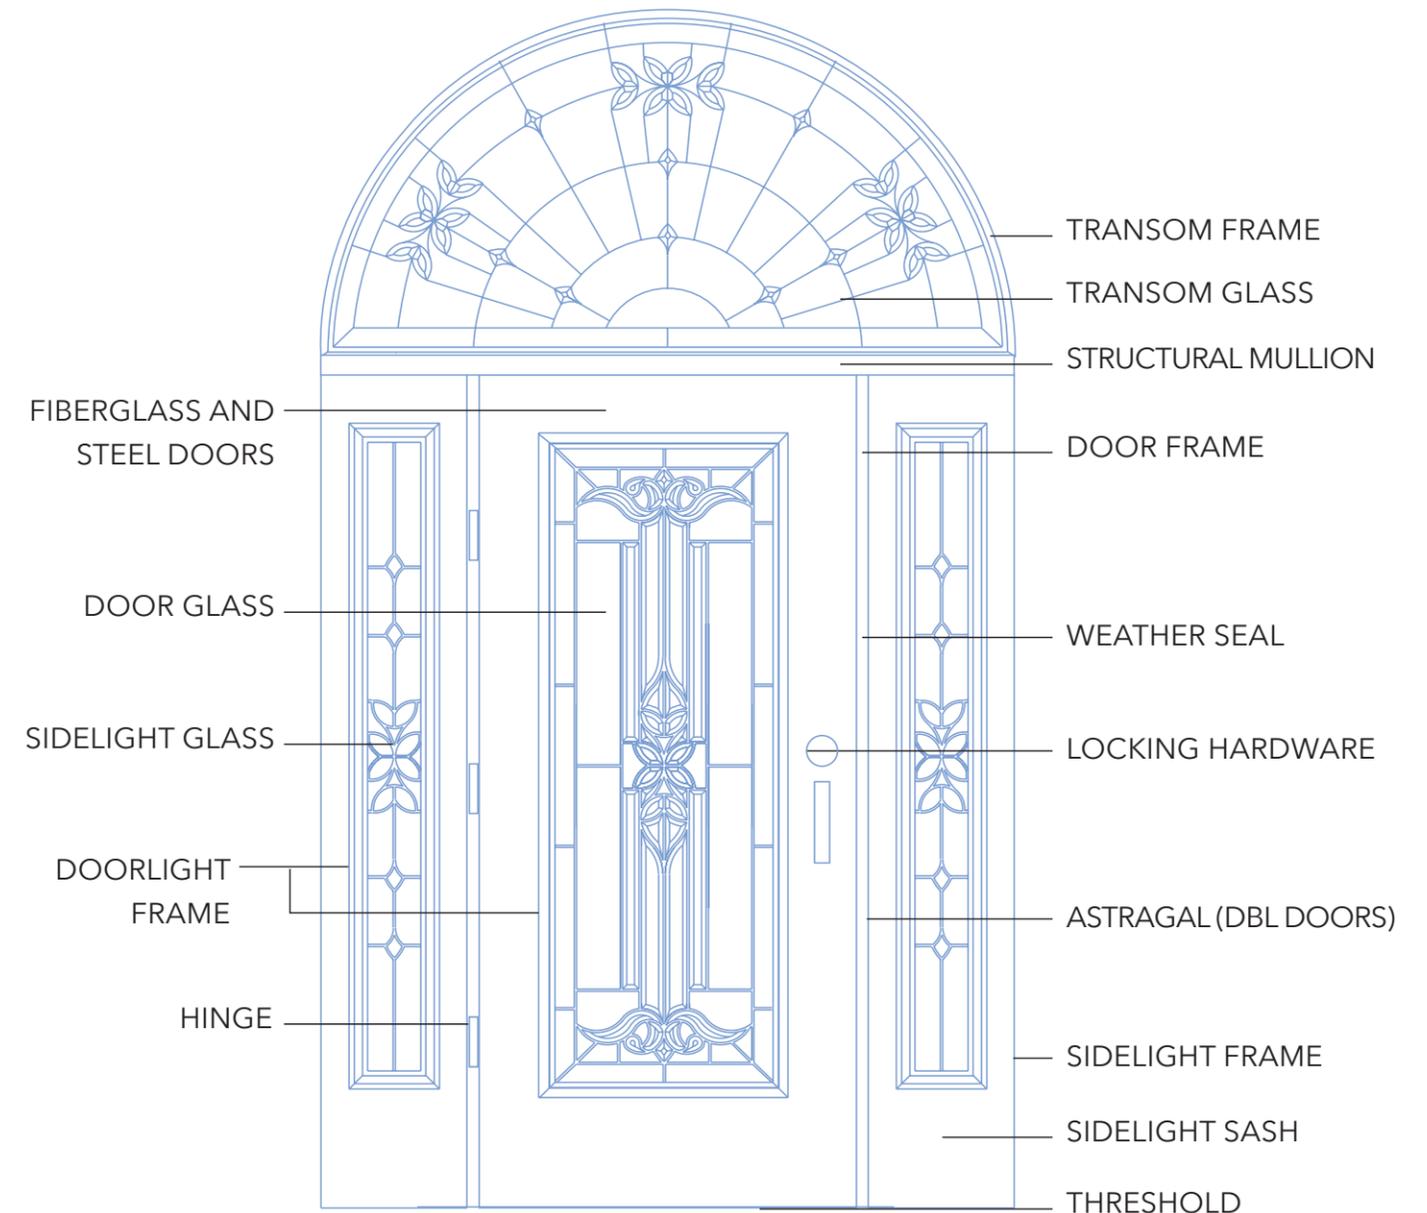

All products featured are in stock (unless marked special order).

Unless otherwise noted, all products featured can be built into door systems that are compliant with hurricane structural, hurricane impact and the latest energy codes.

BHI Doors continues our commitment to service excellence as we bring enduring beauty and value to exterior doors throughout Florida. – established in 1954.

The BHI System

All components in the BHI Systems have a warranty, and are backed by the manufactures. For specific warranty information please see our resources page at BHIFlorida.com.

Component Brands in the BHI System

ODL® DOORGLASS

Add beauty to and increase the value of your home with ODL's innovative line of doorglass.

PLASTPRO® FIBERGLASS DOORS AND PF FRAMES™

A lifetime of exceptional durability and performance for every door around your home.

KENYON'S® CUSTOM GLASS

Custom glass for doors, sidelights, windows and transoms.

WINDSERT™ VENTILATING DOORS

Let in the breeze without compromising security with an optional window insert in your door (with a security screen).

WEATHER SEALS

Keep cool air in and keep bugs out while benefiting from improved energy efficiency.

VETRLITE® OVERLAY ART LAMINATE

Endless changeable options of patent pending premium overlay art glass laminate.

TRILENNIUM™ MULTI-POINT LOCKS

The ultimate fiberglass door security system. Multiple latches and bolts prevent forced entry and create additional weather sealing.

YALE® RESIDENTIAL LOCKSETS

Superior functionality, easy installation, and secure performance.

BHI HINGES

Specially designed for high-performance and tested for long lasting endurance.

DLP THRESHOLDS & ASTRAGALS

For additional security and weather protection our systems use DLP thresholds and astragals.

ETCHED GLASS

Unique line of doorglass inserts styled for Florida living. Etched glass displays traditional sandblasting.

NOVATECH STEEL DOORS

Advanced manufacturing techniques, modern designs, and pre-finished options. Affordable, stylish, and available in many colors.

DRF = FIR GRAIN TEXTURED

SELECTION OVERVIEW HURRICANE COMPLIANCE

Impact units have structural ratings and may be used in the HVHZ and/or WBD impact zones without shutters required.

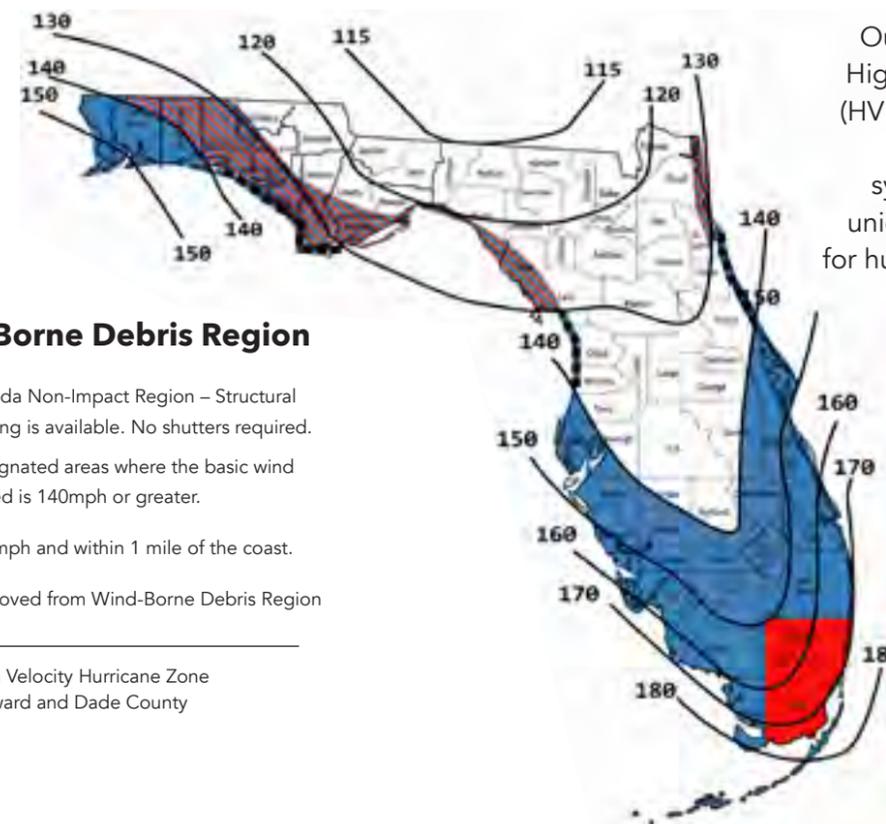

BHI quotes and order acknowledgments list the product approvals needed for each pre-hung door system. For additional code approvals and specific design pressure ratings, please see pages 94-95

Some doors are approved for HVHZ for in-swing application but may have overhang requirements. Some systems with very high design pressure ratings may require surface bolts, and/or dead bolt security strikes.

BHI does not warrant the suitability of any product for any specific use. For additional code information, contact a BHI representative, speak with a local plans examiner's office, or contact a contractor or engineer.

See impact testing video.

Our expertise in Florida and High Velocity Hurricane Zone (HVHZ) building codes means you can trust **BHI Doors** systems to comply with the unique requirements needed for hurricane code compliance.

SELECTION OVERVIEW ENERGY COMPLIANCE

SELECTION OVERVIEW ENERGY COMPLIANCE

BHI and our suppliers of major fenestration components have made it a joint effort to focus on compliance with the newly implemented 2017 Florida Building Code - 5th Edition Energy Conservation.

Groups of products that meet the minimum energy standards for both solar heat gain coefficient (SHGC) and U-Factor in both climate zones will display this logo at the top of the page.

Individual products that DO NOT meet the minimum Energy standards will display this logo.

DRS00 686/687/624GBG 10L SLS00 694GBG 5L DRS00 686/687/624GBG 10L SLS00 694GBG 5L

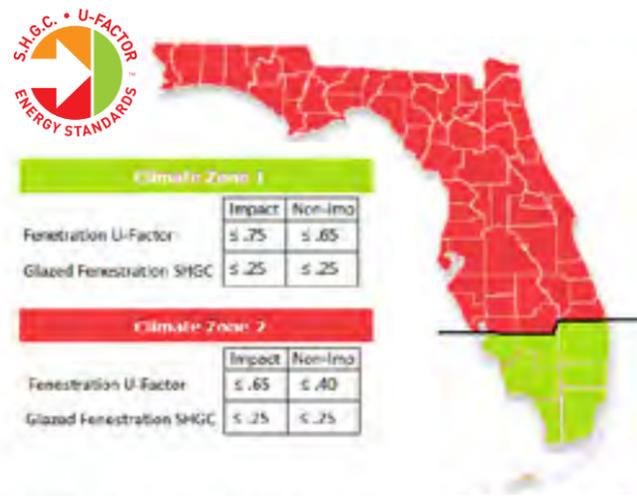

DOES NOT MEET THE MINIMUM ENERGY CODE

MEETS THE MINIMUM ENERGY CODE

There are also exemptions for products that DO NOT meet the energy standards.

The Prescriptive method of compliance allows one glazed fenestration per dwelling unit of up to 15 square feet "of glazed fenestration" to be exempt from the U-factor and SHGC requirements R402.1.(1), and also one side hinged opaque door assembly up to 24 square feet to be exempt from U-factors (Section R402.1.(.3 & .4)). If using this exemption, doors bearing this mark may be used as single door units. Other exemptions for doors bearing this mark may be used when using whole house energy engineering compliance method.

2017 Florida Energy Efficiency Requirements

BHI doors that meet the Energy Standards will have at least 2 Energy Performance labels.

- One permanent label attached to the hinge side of the door slab.
- One temporary label which will be attached to the face of the door.

Labels will have specific certified products directory (CPD) numbers listed. These are the numbers listed in the certified products directory of the National Fenestration Rating Council (NFRC). The CPD numbers listed under BHI are also listed with our third-party quality assurance provider, National Accreditation Management Institute (NAMI) for thermal quality assurance compliance.

Structural Certification Label:

Builders Hardware inc.
Plastpro/Nanya Plastic FL# 15210.4
MANUFACTURER STIPULATES CONFORMANCE TO:
TAS 201,202,203 - ASTM E48 NOA 17-0712.05/16-0314.11
DP RATING +75-75 PSF 1/8", 1/2", 1" GLAZED UNIT IN/OUT
MAX TEST SIZE 3/0 X 6/8 X
FL CERT # 1773 ANSI # 0651

Specific Labels are used when exact design pressure ratings are required for specific size door configurations, within our test matrix qualifications. Structural Certification Labels are created for specific units with specific stipulations which conform to varying codes within the state.

BHI does not warrant the suitability of any product for any specific use. For additional code information, contact a BHI representative, speak with a local plans examiner's office, or contact a contractor or engineer.

BHI and its suppliers of major components are Energy Star Partners.
Energy Star Certified products are available upon request.

SELECTION OVERVIEW

STANDARD FEATURES OF BHI UNITS UNLESS OTHERWISE SPECIFIED:

SMOOTH SKIN: White fiberglass doors will have smooth white 4 9/16" door frames, white powder coat aluminum T-astragal (Double Doors), white weather-strip and stainless steel safety hinges.

WOODGRAIN TEXTURED: Tan fiberglass doors will have textured 4 9/16" door frames, stainable T-astragal (Double Doors), bronze weather-strip and stainless steel safety hinges.

Due to safety purposes Kenyon's Glass will no longer be offering annealed backers on units over 16" diagonally. We build one of a kind units that require special handling within our facility; adding tempered backers better protects your product for internal/external handling and shipping purposes. Special circumstances will be considered, please inquire if you have a unique project that requires annealed glass. Total maximum size of custom units available is 25 square feet.

IMPACT DECORATIVE ETCHED GLASS

IMPACT DECORATIVE ETCHED GLASS

Etched Glass

Through the artistry of Julian and Karin Mesa, **BHI Doors** offers a unique line of doorglass inserts styled for Florida living. Enhance your door opening with a beautiful etched design. Etched glass displays traditional sandblasting.

Etched Glass

All designs are etched on Low-E glass.

Designs are sandblasted on the interior side of a doorglass insert. All image views are from the **OUTSIDE**, looking in. All images are standard (STD) view unless specified as reverse (REV).

Memorial, landscape, portrait and pet designs.

Custom Designs: You imagine it we create it!

All door panels are sold unfinished. Nova 90 smooth skin is a white brushed texture.

One Light Turtle Glass

Thousands of marine turtles nest in U.S. coastal areas. State and local ordinances protect hatchling turtles by limiting the brightness of inside-to-outside visible light transmittance.

Turtle Glass is Solar Gray - Solar Gray / SGSG

Ventilating Doors

This product by DLP Industries is an operational window insert/door combo. When the window is open, fresh air is introduced into the home, eliminating the need for a screen door.

- Perfect for beach side residential dwellings
- Excellent for condominium doors, patio doors, cabana bath doors, and side garage doors
- Replaces old jalousie style doors
- Comes with standard screen
- Manufactured in Florida
- Different glass options

SPECIFICATIONS TRANSOMS (FIXED WINDOWS)

SPECIAL ORDER

SPECIFICATIONS DOOR UNIT SIZING

NEW!

Transoms are sold separately as a window by special order.
 WBD Impact Rated Code compliance FL# 27399.2
 HVHZ Impact Rated Code compliance FL# 27399.3
 Non-Impact Rated Code compliance FL# 4554.

Transom units can be built with impact or non-impact ratings to match most any designs of BHI Doors.

To calculate transom window unit width 'outside frame to frame' dimensions, add the door unit size and sidelight(s) sizes (if any) along with the structural mullion width of 2" per each Mullion to go between each separate unit. Mullion shown on page 93.
 If using 2x4's as structural mullions in place of the BHI aluminum structural mullion add 1.5" per Mullion in place of the 2" per Mullion.

Example 1; Single door unit with 2 sidelights configuration (OXO) utilizing a 2 /10 x 6/8 door with 2 sidelights 14".
 Add the 2/10 door unit width of 35.5" to 2 each 14" sidelight units at 15.5" each and add 2" each for the 2 BHI aluminum structural mullions needed for between the two sidelights = 70.5"

Example 2; Single door unit with 2 sidelights configuration utilizing a 2 /10 x 6/8 door with 2 sidelights 14".
 Add the 2/10 door unit width of 35.5" to 2 each 14" sidelight units at 15.5" each and add 1.5" each for the 2 2x4 mullions needed for between the two sidelights = 69.5"

To calculate transom window unit height ' outside frame to frame' dimensions, customers will need to determine height of transom window desired first.
 Note: (limited to size of drawings Configuration A. B. C. D.)

Once transom window height is determined, add the transom window height to the height of the door system (93) along with the structural mullion width of 2".
 Structural Mullion shown on page 93.
 If using 2x4's as structural mullions in place of the BHI aluminum structural Mullion add 1.5" in place of the 2" measurement.

Example 1; 3/0 x 6/8 door IN SWING unit configuration (X). Add the unit height for a single 3/0 x 6/8 door unit in swing of 82" and add 2" for the BHI Aluminum structural mullion = 84"

Example 2; 3/0 x 6/8 door IN SWING unit configuration (X). Add the unit height for a single 3/0 x 6/8 door unit in swing of 82" and add 1.5" for 2x4 mullion = 83.5"

PRE-HUNG DIMENSIONS									
DOOR & SIDELIGHT WIDTHS	12"	14"	2/0	2/4	2/6	2/8	2/10	*2/10	3/0

DOOR & SIDELIGHT WIDTHS			4/0	4/8	5/0	5/4	5/8	5/8	6/0
Double Unit Width	—		50-1/8"	58-1/8"	62-1/8"	66-1/8"	70-1/8"	70-1/8"	74-1/8"
Unit Height - 6/8 Inswing	82"	82"	82"	82"	82"	82"	82"	80-5/8"	82"
Unit Height - 6/8 Outswing	80-5/8"	80-5/8"	80-5/8"	80-5/8"	80-5/8"	80-5/8"	80-5/8"	79-3/8"	80-5/8"
Unit Height - 8/0 Inswing	98"	98"	98"	98"	98"	98"	98"		98"
Unit Height - 8/0 Outswing	96-5/8"	96-5/8"	96-5/8"	96-5/8"	96-5/8"	96-5/8"	96-5/8"		96-5/8"

All Pre-hung dimensions are based on (outside to outside frame) using Poly Fiber Composite door frames.
 * 6/6 2/10 units – Undersized available for replacing sliding glass doors.

PRE-HUNG DIMENSIONS FOR SINGLE DOOR & HINGED SIDELIGHTS (COMBO)			
UNITS IN POLY FIBER COMPOSITE DOOR FRAMES – DOOR & SIDELIGHT COMBO			
DOOR & SIDELIGHT WIDTHS	3/0 SINGLE DOOR W/ 1-12" SIDELIGHTS	3/0 SINGLE DOOR W/ 1-14" SIDELIGHTS	3/0 SINGLE DOOR W/ 1-2/0 SIDELIGHTS
UNIT WIDTH	50-1/4"	52-1/4"	62"
Unit Height - 6/8 Inswing	82"	82"	82"
Unit Height - 6/8 Outswing	80-5/8"	80-5/8"	80-5/8"
Unit Height - 8/0 Inswing	98"	98"	98"
Unit Height - 8/0 Outswing	96-5/8"	96-5/8"	96-5/8"

All Pre-hung dimensions are based on (outside to outside frame) using Poly Fiber Composite door frames.

Caution: When doors with sidelights are used together (except for doors using hinged sidelights) in many cases, a 2x4 or structural mullion are required to be installed between the door and sidelight frames to meet the requirements of test approvals. This will effect the overall sizing of the opening for pre-hung units.

COMBO; pre-hung door with a hinged sidelight.

A hinged sidelight makes moving furniture through your front doorway much easier!

SPECIAL SIZE SIDELIGHT AND TRANSOMS

DIRECT SET SIDELIGHT GLASS
 8" up to 37.5" wide, and up to 97.75" height

TRANSOMS
 Max size up to 97.75" width x 37.5" height

STRUCTURAL MULLION

Available in 1x4, 2x4 & 2x6 sizes for 6/8 & 8/0 doors. Can be used between transom windows or sidelights where structural beams are required by code.

Your Door Stylizer™

SCAN WITH YOUR SMARTPHONE

Create Your Dream Entryway!

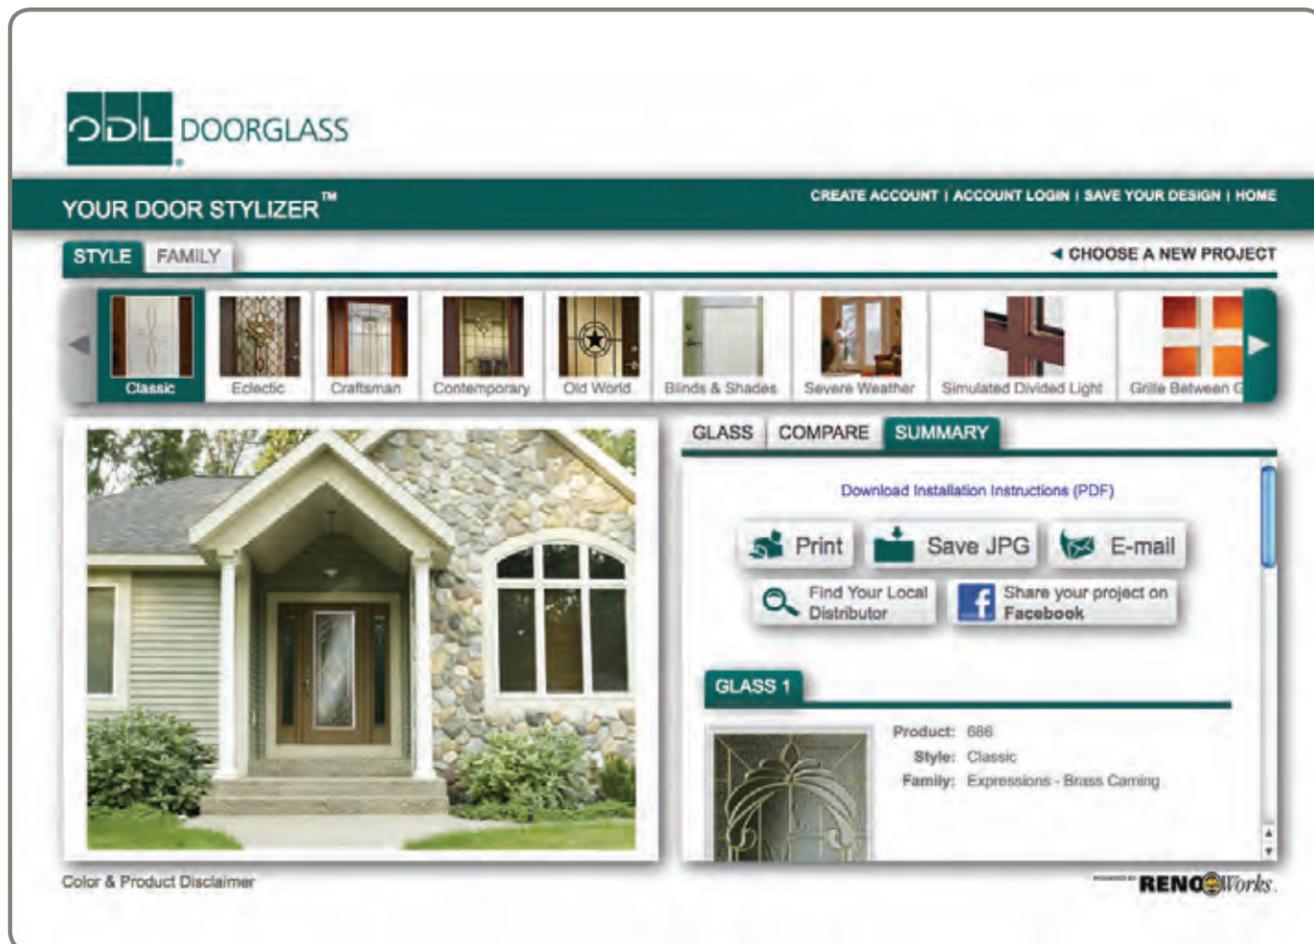

This tool allows homeowners to visualize how various ODL® Doorglass options will look in their home entryways. YOUR DOOR STYLIZER™ uses a guided design process that helps homeowners customize their entryway by replacing glass, adding glass or replacing their door. Once the user has created their dream entryway they can save, email, share via social media or print their project to make doorglass ordering a snap.

What's Your Style?

Classic? Contemporary? Something in Between?

Find the doorglass style that suits you and your home perfectly.

UPLOAD A PHOTO OF YOUR HOME or select a sample from our gallery. Then explore, get inspired, and create the entryway that is made for your home. You can also create an account to save your photos and favorite designs.
